

H A Harman International Company

HSC 150 SR/oc

Communication Headset

Description

Single sided, on ear headset with a microphone resting on a flexible gooseneck. The set is very lightweight, designed for longterm use. The sound quality is well fitting sensitive voice input software. The microphone's pickup characteristic is figure eight for maximum room noise rejection. The cables are open ended.

Specifications

Microphone:

Transducer Principle: condenser prepolarized

Frequency Range: 500–5,000 Hz

Polar Pattern: figure eight

Sensitivity at 1,000 Hz: 5 mV/Pa (-47 dBV)

Equivalent Noise Level: < 44 dB-A

S/N Ratio (A-weighted): > 50 dB

Electr. Impedance: < 200 ohms

Load Impedance: > 2000 ohms

Power Requirement: 1.5 to 15 volts

Connector: none

Special Features/Applications:

microphone with speech optimized frequency range for communication

Headphones:

Transducer Principle: dynamic

Type: external ear mount

Frequency Range: 300–3,400 Hz

Rated Impedance: 150 ohms

Cable Length: 1.5 m (5 ft.)

Finish: non reflective black

Net Weight: 8 g (0.3 oz.)

Special Features/Applications:

High quality headset for many communication applications

Included Accessories: windscreen, clip

Features

- Small & lightweight design
- Figure eight noise canceling
- Clip on ear type
- Flexible microphone gooseneck

Architect's and Engineer's Specifications

The headset shall be a single sided, on ear headset with a microphone resting on a flexible gooseneck. The set shall be very lightweight, designed for longterm use. The sound quality shall be well fitting communication applications. The microphone's pickup characteristic shall be figure eight for maximum room noise rejection.

It shall have a sensitivity of 5 mV/Pa (-47 dBV). Powering shall be possible from 1.5 to 15 volts. The cables shall be open ended. Colour: Non reflective black. The headset shall be the AKG HSC 150 SR/oc.

Graphical Data

AKG is constantly improving and modifying its products, therefore, specifications are subject to change without notice.

Limited Warranty

Valid only in the United States. AKG Acoustics warrants AKG products against defects in material or workmanship for a period of one year from the date of original purchase for use, and agrees to repair or, at our option, replace any defective unit without charge for either parts or labor. Important: This warranty does not cover damage resulting from accident, misuse or abuse, lack of reasonable care, the affixing of any attachment not provided with the product, loss of parts or connecting the product to any but the specified receptacles. This warranty is void unless service or repairs are performed by an authorized service center.

No responsibility is assumed for any special, incidental or consequential damages. However, the limitation of any right or remedy shall not be effective where such is prohibited or restricted by law. Simply take or ship you AKG product prepaid to our service department. Be sure to include your sales slip as proof of purchase date. (We will not repair transit damage under the no-charge terms of this warranty.) Note: No other warranty, written or oral is authorized by AKG Acoustics, Inc. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty lasts, so the above exclusions and limitation may not apply to you.
